

Ramadan UNIT

This is a bumper pack of Ramadan activities!

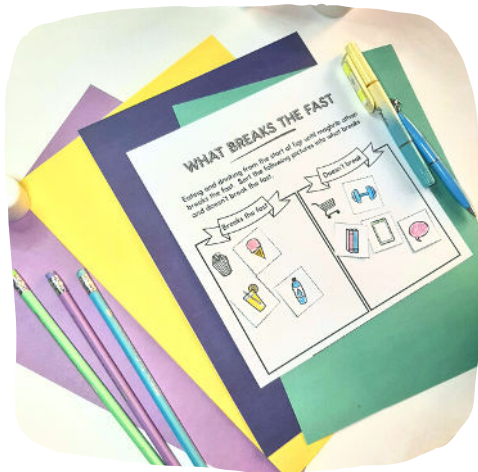

There are 4 sections:

-  Arts and Crafts
-  Deen
-  Play
-  STEM

You can complete all of the activities or just a selection. Plus, they can be done in any order.

Designed especially for Muslim kids (and parents)!

A lot of activity suggestions for young kids such as sensory play require wasting food which Muslim parents naturally avoid. The activities in this pack are designed for Muslim families to enjoy!

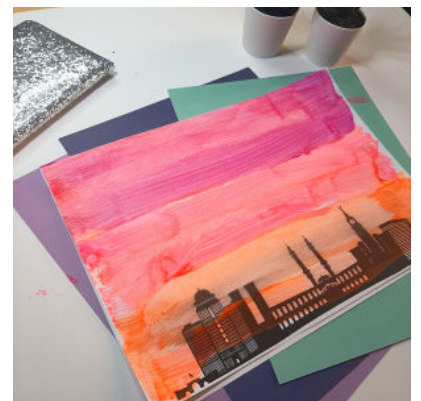

This lightbulb symbol next to an activity indicates an opportunity to invite your children to reflect upon Allah.

Low prep, affordable and hands-on

The activities require materials that you are likely to have at home already. A list is included so you can see them at a glance. They are also simple to set up.

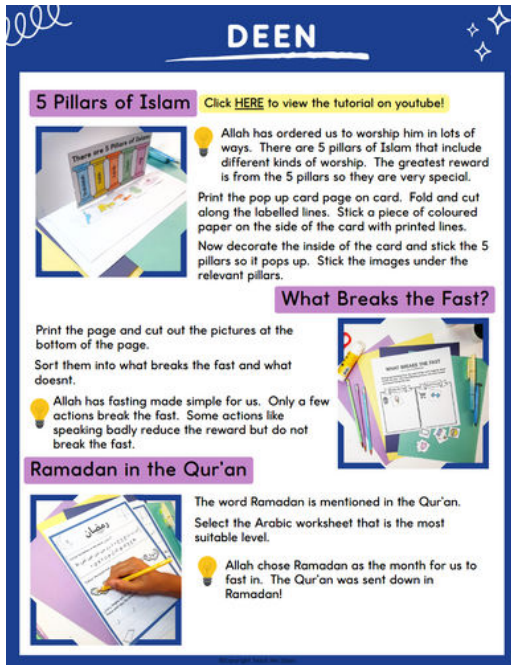

Where possible, black and white versions have been provided.

Step-by-step tutorial videos are available on the Teach Me Islam YouTube channel for many of the activities in this pack.
